

## Harbourage Place #603

Fort Lauderdale

This exquisitely unique condo blends artistic design and acclaimed architecture, anchored by expansive views of the Intracoastal Waterway, Lake Sylvia and Fort Lauderdale cityscape. Drawing inspiration from 1920s French Art Deco styling, the lavish interior features sleek Anigre and Birchwood custom-cabinetry, built-in bookcases and Crystal glass shelving. Attention to detail is accentuated by richly textured and sculpted surfaces, custom-designed trim and sumptuous finishes throughout. Floor to ceiling glass sliding doors create seamless transition onto an expansive limestone balcony ideal for entertaining. Glamorous elements include layered lighting with Italian Mulano glass, a kitchen ceiling mural by master painter Kenny Saulo and a Portuguese hand-painted tile fountain perched upon the balcony. Modern Elegance at its Best.
